<p><b>Heather Brown</b>          PTO President</p>	<p><b>PTO Requests:</b>          We have an awesome student who spent all summer doing chores to buy a really cool skateboard and unfortunately another CMS student stole it and "lost" it. He obviously received strict consequences, but also unfortunately, his mom refuses to pay for a replacement. The family can press charges, but all the courts will do is give him community service. If we assign him community service, would you be able to pay for/reimburse for the hours so we can purchase the student the skateboard? It was about \$200, so we computed that the other student would need to do about 30 hours of community service on campus to cover the cost. Let me know.          We have a few more...  <b>Voted No on the skateboard replacement. Does not serve a majority of our student population.</b>  <b>Voted Yes on rechargeable batteries for P.E. approx. \$30-60</b>  <b>Voted Yes on NJHS money for induction treats. Approx. \$100</b></p>
