Thank you! Samantha reported that this week CMSPTOFBpage has reached 184 people and had 141 engagements. It would really help if you could ask the board to like the posts and comment on them each time they see a new one. This helps others see the posts so they have a chance to interact with them. Also, ask everyone to invite any other parents or teachers they are friends with on Facebook. I think it's safe to add the page to the newsletter, too! We will ask Elizabeth to put something in the next newsletter and the marquee.</p> <p>Performing Arts Scholarships- request from Kristi Kleiser I am reaching out to you to see if PTO is still offering scholarship opportunities for students in the Performing Arts. I have a few students with financial hardship that could benefit from a scholarship. We do have a formal application that families fill out (upon request) and it also includes a section that PTO asked me to add last year. Students in the play, theatre club or attending any field trip that costs money could apply. (approx. \$150).</p> |
